# SPOTLIGHT ON RACISM & JUSTICE

## CORE LIBRARY GUIDE TO RACISM IN MODERN AMERICA

Racism is a problem deeply rooted in American society. Slavery and segregation may no longer be legal, but their legacies still influence the way Black people and other people of color are treated today. Racism exists in the justice system, politics, and the media. Core Library Guide to Racism in Modern America introduces readers to some of the history of racism in the country, how it affects people today, and how some are working toward equal treatment for all people.

## IMPORTANT WOMEN

This series highlights eight fascinating women whose groundbreaking work has had a huge impact. Each book provides an overview of the subject's life and discusses how she made her mark on the world.

### Becoming a Justice

In 1993, there was a spot to fill on the US Supreme Court. President Bill Clinton chose Ruth Bader Ginsburg as the new Justice. Ginsburg had worked in law for many years.

Ginsburg takes an oath to become a Supreme Court Justice in 1993.

## CLIMATE CHANGE

Earth's climate is changing. People are adding greenhouse gases to the atmosphere. As a result, Earth is getting warmer. Storms are becoming more severe. Animals are struggling to find food as their habitats change. Some people are working on slowing climate change so nature has time to adapt. Others want to reverse it. Climate Change investigates the science of climate change, how it affects the planet, and what people are doing and need to do to save Earth as we know it.

## I AM AMERICA SET 3

It's the storytellers that preserve a nation's history. But what happens when some stories are silenced? The I Am America series features fictional stories based on important historical events from people whose voices have been under represented, lost, or forgotten over time.
